## Tambour Door Cupboards

### Tambour Door Cupboards

Ultra modern in concept and aesthetic in design, the Archiver Tambour Door Cupboard is one of the most sophisticated and versatile storage equipment for the office and can match and complement most modern office decor.

The sliding door is manufactured by one of the world's leading producers of plastic and is extruded from high strength, wear resistant thermo plastic.

These doors have been tested in excess of 10,000 open and close cycles by the manufacturer and provides years of trouble free service.
