

Vertical Filing Cabinet

Some outstanding features of ARCHIVER filing cabinets include:

- Non intrusive, recessed handle.
- Anti-tilt safety device that prevents more than one drawer from being opened at a time.
- Ultra smooth drawer rails that allows each drawer to slide open fully for easy storage and retrieval.
- Internal Drawer Size
248H x 394W x 535mmD

Lateral Filing Cabinet

The ARCHIVER lateral filing cabinet shares the same design and function as the standard filing cabinet but comes with a slightly larger capacity. Some unique features include:

- Full length recessed handle for ease of use.
- Anti-tilt safety device that prevents more than one drawer from being opened at a time.
- Heavy duty ball bearing rails to handle the increased drawer capacity and provide for a smooth pull out action.
 - Slim but wide, great for narrow corridors as drawers extend fully to only 410mm.
 - Manufactured in dimensions that make them fully compatible with all ARCHIVER series cupboards.
 - To maximise space usage, all low height ARCHIVER cupboards can be stacked on top of the ASF-3.
- Internal Drawer Size: 259H x 800W x 382mmD
